The Patti Henry Pinch Scholarship is designed to assist undergraduates at UT Dallas with research and travel expenses by offering supplemental financial support of up to $1,000 (half of the award will be provided by the student's School and half will be provided by Patti Henry Pinch Undergraduate Scholarship funds) on a competitive basis. Students should consult their research advisor in order to complete the application.

This funding is not a substitute for other forms of funding that currently exist. Rather, the intent is to support research activities in instances where other sources are inadequate or unavailable. UT Dallas encourages undergraduates to proactively seek opportunities to demonstrate the research activities they are engaged in at the University.
